Our After School Program seeks to offer students various experiences so they may develop new skills, reach their unique potential and most importantly, have fun!

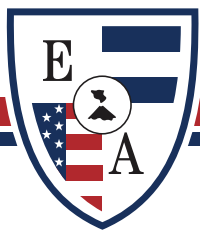

This catalog lists each after school activity, club, recreational sport and competitive sport with a brief description. Please note that dates and times change every year.

LOWER SCHOOL AFTER SCHOOL ACTIVITIES PROGRAM

The Lower School has a variety of club options that provide students with the opportunity to pursue new and fun interests to further their learning experience. Due to high interest in some activities and in order to give all students an opportunity, spaces are randomly drawn among all students who have signed up for the activity. A spot is guaranteed to at least one activity per student.
